

# READY SET READ

## Senior High

---

### Description

Preparing children for kindergarten is very important and will help them be more successful throughout their lives. Working with Head Start and Early Childhood Family Education (ECFE) programs is one of the ways that you can give children the preparatory activities they need.

### Family and Consumer Sciences Classes

- Life Skills
- Child Care
- Family Life Education

### Classroom Activities

- Have students create learning readiness packets of activities and present them to the class.
- Organize a parent/student reading night and have age appropriate books.
- Plan a craft activity to do with a preschool.

### Class Connection of FCCLA Projects

- STAR Event--Focus on Children; Illustrated Talk
- Planning Process
- Families First

### Resources

- Families First Handbook--parent practice unit (1996) FCCLA
- ECFE Program Director and information

### Connection to Minnesota Graduation Standards

- Write and Speak
